Full Stack Web Development

Masai School

PROFESSIONAL SUMMARY

Full Stack Developer with experience at Traviez, specializing in frontend development and certified by Masai School. Experienced in developing, engineering, and building web and mobile applications to ensure seamless user experiences. Skilled in designing, debugging, and adapting to dynamic project needs, with a strong ability to integrate and enhance systems for improved performance and scalability.

WORK EXPERIENCE

Traviez

Software developer UI | August 2023 - January 2025

- Developed marketing and business dashboards, designed a user-friendly local page, implemented API integrations, and ensured responsive design for seamless functionality across devices, enhancing user experience and operational efficiency.

PROJECTS

Traviez web |

JavaScript | Redux | Next JS | Tailwind CSS

- Developed and maintained a Business and Marketing Dashboard using Next.js, enhancing the travel planning and user engagement.
- Performed rigorous testing and debugging to deliver a reliable and stable application, improving overall user satisfaction.

Traviez app |

JavaScript | Redux | React Native | Tailwind CSS

- Collaborated with team members to design and develop scalable front-end and back-end architectures for the Traviez app.
- Implemented personalized trip planning and seamless Varanasi exploration features using JavaScript and React Native.
